Year Three Home Learning Project

Autumn 2

- You should choose at least three of the options below. You could think of your own idea for some research/project ('Brain Wave') as one of these.
- Please ensure that you have some evidence of your home learning to share with your teacher. This may be presented in the Home Learning book that you have been given, or you may choose to present it in other ways e.g. using IT, creating a sculpture – be creative with how you present your work!

	Calculate or Reason	Create	Visit	Investigate and Present	Watch or Listen	Brain Wave!
Our History/ Geography Topic	Carlos is on a trip across Spain. He starts with **500 euros**. He spends **125 euros** on a train ticket from Madrid to Barcelona and **78 euros** on food. How much money does he have left? Recap your 2, 5, and 10 times tables. Practise your 3, 4 and 8 times tables.	Create a map of Spain that shows major cities and landmarks! Things you can add to your map: major cities, key physical features (ex. Mountains, rivers, etc.), landmarks.	Take your family and visit a local Spanish restaurant or market. You can just take a look at the menus or you can even try some Spanish foods! You and your family could even try to cook some Spanish dishes at home.	Investigate Spanish versus London weather patterns. Over the span of a week (or longer) investigate and compare the weather in London and a city in Spain. How are they different? How are they similar? What do you think the reasons are for the similarities and/or differences?	Since a physical visit isn't possible, take a virtual trip! Visit the website below to virtually explore different Spanish cities: https://www.headout.com/blog/virtual-travel-to-spain/ You can explore Spain's major cities and the top sites and landmarks each city has to offer. What are your favourite places you virtually visited?	Think of your own project regarding Spain!

Hand in Date	Gallery Showcase in Eco Pod 3:00 – 4:00 pm
Friday 12th December, 2025	Friday 12th December, 2025 Drop in any time between 3:00-4:00 pm
